I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: I am very allergic to many of the  
"fillers" & "additives" to medications. These  
can be sometimes life threatening. I need a  
pharmacy who will compound correctly without  
these products. Not all pharmacies are so equipped.  
If I do not have this special service, I cannot  
take what my doctor prescribes. Sincerely D Anderson
